

BIOVENT™
CORN/PELLET VENTING

Put an end to labor-intensive caulking during installation and costly return visits to replace corroded venting. Bio Vent™ from Bernard Dalsin Manufacturing makes pellet stoves (especially corn pellet-fueled stoves) easier to sell, easier to install, and easier to maintain.

Making Eco-Friendly Fuels Friendlier To Use

Doing Business With BDM

How To Order

Call our toll free number 1-800-729-9505 answered 24 hours a day or fax your order to 651-460-6080. Local phone calls please use 651-460-1080.

Online Ordering

You may now order online at www.dalsinmfg.com. Simply contact us by phone for your username and password.

Office Hours

Our office hours are from 7:30 a.m. to 4:00 p.m. Central Standard Time. An answering machine is on-line for 24-hour service.

Drop Shipments

There is a \$6.00 charge for all drop shipments under \$200.00.

Freight Terms

Orders that cannot ship via UPS will ship from our warehouse using the most cost-effective carrier. Unless your order qualifies for free freight, the order will ship collect and you will be responsible for the freight charges.

For your protection, we recommend that you inspect all items before accepting delivery. If you discover a shortage or damage — please do not refuse the shipment. Note the shortage or damage on the freight bill and notify BDM within 2 days of receiving the shipment. We will assist you with filing a freight claim. Without the discrepancy or damage documentation in writing a freight claim may be denied.

Again, any discrepancies MUST be reported within 2 days of receiving your shipment.

Satisfaction Guaranteed

If you or your customer are not completely satisfied for any reason, return the merchandise within 30 days and receive a full refund of the purchase price. Certain conditions apply. Please call for details.

Price Changes

Although we make every effort to keep our price list current, we reserve the right to change prices or specifications at any time without notice.

Terms

All orders placed without prior credit approval must be either prepaid, Visa/MasterCard, or C.O.D. (C.O.D. fees vary by carrier). BDM will charge \$25.00 for each check returned unpaid.

Returned Product

There is a 15 percent restocking charge for all returned goods. The original invoice must accompany the product. Custom made, special order, OEM, or obsolete items cannot be returned for credit. All material must be in saleable condition and return freight paid by the customer.

Legal Notices

Bernard Dalsin Manufacturing Company (hereafter "BDM") continuously improves its products and services. We reserve the right to modify product specifications at any time. BDM shall not be held liable for any loss incurred due to any errors in the print production of this catalog or typographical errors. Always check with your BDM representative for the most current product specifications and dimensions before beginning any project.

Some BDM products carry a limited warranty against manufacturing defects and normal service failure. Contact your BDM representative for current, detailed warranty information, as the warranty may be contingent on proper installation and usage. Current installation instructions are also available from your BDM representative. BDM shall not be held liable for any damages incurred during or after an improper installation or use of any of its products.

Bio Vent™

Corn/Pellet Venting

Put an end to labor-intensive caulking during installation and costly return visits to replace corroded venting. Bio Vent™ from BDM makes pellet stoves – especially corn pellet-fueled stoves – easier to sell, easier to install, and easier to maintain.

2007 Vesta Award Winner
Venting and Ducting
Presented by Hearth & Home

Features

Gasket-sealed connections save time:

Bio Vent™ from BDM has been specifically designed to seal without caulking during installation. Using an exclusive pre-installed gasket, Bio Vent pellet stove venting products install in a fraction of the time of other conventional venting products.

Super-corrosion-resistant metal reduces callbacks:

Now you can sell corn-fueled pellet stoves with confidence. All Bio Vent™ products are constructed with AL29-4C 26-gauge Super-Ferrite Stainless Steel – a premium blend of metal that can withstand exhaust that turns other metal to powder! Put simply, that means you won't be called back next year to replace stove venting when your customer burns corn or corn-wood mix fuel pellets.
