

Pro-Form® Direct Vent System

Complete Direct Vent System for Gas Appliances

Patented USA #D562,959
Patents Pending

The Pro-Form® direct vent system has best in industry features that provide ease of installation, extreme durability, and superior performance. The Pro-Form® direct vent system is fully tested and listed to ANSI Z21.88-2009 / CSA 2.33 (2009)

Pro-Form®
Direct Vent System

Copper Powder Coating

Get the look of copper at a fraction of the price with copper powder coating. Simply add the letter "C" after the Pro-Form® order # for copper or the letter "B" for black.

Features

Stainless Steel inner flue for longevity and fit and finish.

360 degree, positive snap lock design.

Termination caps provide ultimate curb appeal.

Powder coat black and colored pipe & components.

Air and water diffusion technology on vertical termination caps. All termination caps made from durable .030" thick aluminum.

Convenient co-linear (Insert Fireplace) kits.

Attractive mission style vent design on termination caps.

Flexible co-axial direct vent is sold pre-assembled as a concentric system. (Eliminates the need for elbows in the system.)

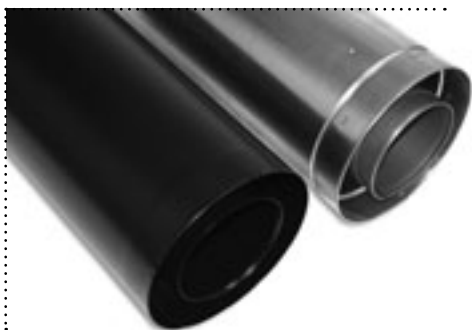

Available in all common co-axial and co-linear diameters.

This vent system has been tested for direct vent appliances. ANSI Z21.88-2009 / CSA 2.33 (2009), Tested and listed by O-T-L Omni-Test Laboratories.

Ordering

Vent sections are sold in quantities of four.

Wall straps are sold in quantities of four.
